**Intended Audience**
General pediatricians, family practice physicians, family and pediatric nurse practitioners, school health nurses, and nurses who care for youth with diabetes in a variety of settings.

**Contact Hour Credit**
Vanderbilt University Medical Center, Department of Nursing Education and Professional Development is an approved provider of continuing nursing education by the Tennessee Nurses Association, an accredited approver by the American Nurses Credentialing Center’s Commission on Accreditation.
Course Objectives

1. Describe the signs and symptoms of diabetes in a child without a previous diagnosis.
2. Discuss strategies for optimal glycemic control, avoiding high and low blood glucose.
3. Discuss the role the school nurse plays in the 504 plan process.
4. Discuss healthy eating habits in the school setting.
